

Source Data Extended Data Figure 1

Source data for Extended Data Figure 1a

Dashed rectangle represents the area shown in Extended Data Figure 1a.

Source data for Extended Data Figure 1b

RNA Size Marker in polynucleotide length (top to bottom)

1000, 800, 600, 400, 300, 200 (faint), 100

Dashed rectangle represents the area shown in Extended Data Figure 1b.

Source Data for Extended Data Figure 1c

RNA Size Marker in polynucleotide length (top to bottom)
1000, 800, 600, 400, 300, 200 (faint), 100

Replicate 1

Replicate 2

Replicate 3

Dashed rectangle represents the area shown in Extended Data Figure 1c.

Source Data for Extended Data Figure 1d

Dashed rectangles represent the areas shown in Extended Data Figure 1d for protein (left) and RNA (right) gels.
