

## **International DLB Genetics Consortium members**

**USA:** Jose Bras (Department of Neurodegenerative Science, Van Andel Institute, Grand Rapids), Rita Guerreiro (Department of Neurodegenerative Science, Van Andel Institute, Grand Rapids), Celia Kun-Rodrigues (Department of Neurodegenerative Science, Van Andel Institute, Grand Rapids), Andrew Singleton (Laboratory of Neurogenetics, National Institutes on Aging, NIH, Bethesda, MD, USA), Dena Hernandez (Laboratory of Neurogenetics, National Institutes on Aging, NIH, Bethesda, MD, USA), Owen A. Ross (Department of Neuroscience, Mayo Clinic, Jacksonville, FL, USA), Dennis W. Dickson (Department of Neuroscience, Mayo Clinic, Jacksonville, FL, USA), Neill Graff-Radford (Department of Neurology, Mayo Clinic, Jacksonville, FL, USA), Tanis J. Ferman (Department of Psychiatry and Department of Psychology, Mayo Clinic, Jacksonville, FL, USA), Ronald C. Petersen (Neurology Department, Mayo Clinic, Rochester, MN, USA), Brad F. Boeve (Neurology Department, Mayo Clinic, Rochester, MN, USA), Michael G. Heckman (Division of Biomedical Statistics and Informatics, Mayo Clinic, Jacksonville, FL, USA), John Q. Trojanowski (Department of Pathology and Laboratory Medicine, Center for Neurodegenerative Disease Research, Perelman School of Medicine at the University of Pennsylvania, 3600 Spruce Street, Philadelphia, USA), Vivianna Van Deerlin (Department of Pathology and Laboratory Medicine, Center for Neurodegenerative Disease Research, Perelman School of Medicine at the University of Pennsylvania, 3600 Spruce Street, Philadelphia, USA), Nigel J. Cairns (Knight Alzheimers Disease Research Center, Department of Neurology, Washington University School of Medicine, Saint Louis, MO, USA), John C. Morris (Knight Alzheimers Disease Research Center, Department of Neurology, Washington University School of Medicine, Saint Louis, MO, USA), David J. Stone (Genetics and Pharmacogenomics, Merck and Co, West Point, Pennsylvania, USA), John D. Eicher (Genetics and Pharmacogenomics, Merck and Co, Boston, MA, USA), Lorraine Clark (Taub Institute for Alzheimer Disease and the Aging Brain and Department of Pathology and Cell Biology, Columbia University, New York, NY, USA), Lawrence S Honig (Taub Institute for Alzheimer Disease and the Aging Brain and Department of Pathology and Cell Biology, Columbia University, New York, NY, USA), Karen Marder (Taub Institute for Alzheimer Disease and the Aging Brain and Department of Pathology and Cell Biology, Columbia University, New York, NY, USA), Geidy E. Serrano (Banner Sun Health Research Institute, 10515 W Santa Fe Drive, Sun City, AZ 85351, USA), Thomas G. Beach (Banner Sun Health Research Institute, 10515 W Santa Fe Drive, Sun City, AZ 85351, USA),

Douglas Galasko (Department of Neurosciences, University of California, San Diego, La Jolla, CA, United States; Veterans Affairs San Diego Healthcare System, La Jolla, CA, United States), Eliezer Masliah (Division of Neurosciences and Laboratory of Neurogenetics, National Institute on Aging/NIH, Bethesda MD 20892-9205, USA).

**UK:** John Hardy (UK Dementia Research Institute (UK DRI) at UCL, London, UK; Department of Neurodegenerative Disease, UCL Institute of Neurology, London, UK), Lee Darwent (UK Dementia Research Institute (UK DRI) at UCL, London, UK; Department of Neurodegenerative Disease, UCL Institute of Neurology, London, UK), Olaf Ansorge (Nuffield Department of Clinical Neurosciences, Oxford Parkinson's Disease Centre, University of Oxford, Oxford, UK), Laura Parkkinen (Nuffield Department of Clinical Neurosciences, Oxford Parkinsons Disease Centre, University of Oxford, Oxford, UK), Kevin Morgan (Human Genetics, School of Life Sciences, University of Nottingham, Nottingham, UK), Kristelle Brown (Human Genetics, School of Life Sciences, University of Nottingham, Nottingham, UK), Anne Braae (Human Genetics, School of Life Sciences, University of Nottingham, Nottingham, UK), Imelda Barber (Human Genetics, School of Life Sciences, University of Nottingham, Nottingham, UK), Claire Troakes (Department of Basic and Clinical Neuroscience and Institute of Psychiatry, Psychology and Neuroscience, Kings College London, London, UK), Safa Al-Sarraj (Department of Basic and Clinical Neuroscience and Institute of Psychiatry, Psychology and Neuroscience, Kings College London, London, UK), Tom Warner (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Tammaryn Lashley (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Janice Holton (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Yaroslau Compta (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Tamas Revesz (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Andrew Lees (Queen Square Brain Bank, Department of Molecular Neuroscience, UCL Institute of Neurology, London, UK), Henrik Zetterberg (UK Dementia Research Institute (UK DRI) at UCL, London, UK; Department of Neurodegenerative Disease, UCL Institute of Neurology, London), Valentina Escott-Price (MRC Centre for Neuropsychiatric Genetics and Genomics, School of Medicine, Cardiff University, Cardiff, UK), Stuart Pickering-Brown (Institute of Brain, Behaviour and Mental

Health, Faculty of Medical and Human Sciences, University of Manchester, Manchester, UK), David Mann (Institute of Brain, Behaviour and Mental Health, Faculty of Medical and Human Sciences, University of Manchester, Manchester, UK), Peter St. George-Hyslop (Department of Clinical Neurosciences, Cambridge Institute for Medical Research, University of Cambridge, Cambridge, UK).

**Canada:** Ekaterina Rogaeva (Tanz Centre for Research in Neurodegenerative Diseases and department of Medicine, University of Toronto, Ontario, Canada), Peter St. George-Hyslop (Tanz Centre for Research in Neurodegenerative Diseases and department of Medicine, University of Toronto, Ontario, Canada).

**Spain:** Jordi Clarimon (Memory Unit, Department of Neurology, IIB Sant Pau, Hospital de la Santa Creu i Sant Pau, Universitat Autònoma de Barcelona, Barcelona, Spain; Centro de Investigación Biomedica en Red en Enfermedades Neurodegenerativas (CIBERNED), Instituto de Salud Carlos III, Madrid, Spain), Alberto Lleó (Memory Unit, Department of Neurology, IIB Sant Pau, Hospital de la Santa Creu i Sant Pau, Universitat Autònoma de Barcelona, Barcelona, Spain; Centro de Investigación Biomedica en Red en Enfermedades Neurodegenerativas (CIBERNED), Instituto de Salud Carlos III, Madrid, Spain), Estrella Morenas-Rodríguez (Memory Unit, Department of Neurology, IIB Sant Pau, Hospital de la Santa Creu i Sant Pau, Universitat Autònoma de Barcelona, Barcelona, Spain; Centro de Investigación Biomedica en Red en Enfermedades Neurodegenerativas (CIBERNED), Instituto de Salud Carlos III, Madrid, Spain), Pau Pastor (Memory Unit, Department of Neurology, University Hospital Mutua de Terrassa, University of Barcelona, and Fundació de Docència i Recerca Mutua de Terrassa, Terrassa, Barcelona, Spain. Centro de Investigación Biomedica en Red Enfermedades Neurodegenerativas (CIBERNED), Madrid, Spain), Monica Díez-Fairen (Memory Unit, Department of Neurology, University Hospital Mutua de Terrassa, University of Barcelona, and Fundació de Docència i Recerca Mutua de Terrassa, Terrassa, Barcelona, Spain. Centro de Investigación Biomedica en Red Enfermedades Neurodegenerativas (CIBERNED), Madrid, Spain), Miquel Aquilar (Memory Unit, Department of Neurology, University Hospital Mutua de Terrassa, University of Barcelona, and Fundació de Docència i Recerca Mutua de Terrassa, Terrassa, Barcelona, Spain. Centro de Investigación Biomedica en Red Enfermedades Neurodegenerativas (CIBERNED), Madrid, Spain), Yaroslau Compta (Movement Disorders Unit, Neurology Service, Clinical Neuroscience Institute (ICN), Hospital Clinic, University of Barcelona, IDIBAPS, Barcelona, Spain).

**Australia:** Claire Shepherd (Neuroscience Research Australia, Sydney, Australia and School of Medical Sciences, Faculty of Medicine, University of New South Wales, Sydney, Australia), Glenda M. Halliday (Brain and Mind Centre, Sydney Medical School, The University of Sydney, Sydney, Australia and Neuroscience Research Australia, Sydney, Australia and School of Medical Sciences, Faculty of Medicine, University of New South Wales, Sydney, Australia).

**Finland:** Pentti J. Tienari (Molecular Neurology, Research Programs Unit, University of Helsinki, Department of Neurology, Helsinki University Hospital, Helsinki, Finland), Liisa Myllykangas (Department of Pathology, University of Helsinki and Helsinki University Hospital, Helsinki, Finland), Minna Oinas (Department of Neuropathology and Neurosurgery, Helsinki University Hospital and University of Helsinki, Helsinki, Finland).

**Portugal:** Isabel Santana (Neurology Service, University of Coimbra Hospital, Coimbra, Portugal).

**France:** Suzanne Lesage (Inserm U1127, CNRS UMR7225, Sorbonne Universites, UPMC Univ Paris 06, UMR and S1127, Institut du Cerveau et de la Moelle epiniere, Paris, France).

**Sweden:** Henrik Zetterberg (Clinical Neurochemistry Laboratory, Institute of Neuroscience and Physiology, Sahlgrenska Academy at the University of Gothenburg, Molndal, Sweden), Elisabet Londos (Clinical Memory Research Unit, Institution of Clinical Sciences Malmo, Lund University, Sweden).

**The Netherlands:** Afina Lemstra (Department of Neurology and Alzheimer Center, Neuroscience Campus Amsterdam, VU University Medical Center, Amsterdam, the Netherlands).
